From 22<sup>nd</sup> October, UK Visa and Immigration is offering UK Student Visas for as little as £349.99 – that's a 36% saving on the national average of £550.

Whether you're just starting uni or want a prospective student visa to take a look at possible universities for next year, you'll save money this winter on gaining your visa and have more money to treat yourself.

Or perhaps you would like to come to the UK to conduct research or take part in an exchange programme? Why not take advantage of this special offer and come to the UK, home of the best universities in the world, taking in the local sights as you travel.

All of their work is carried out in house. So clients are never passed from pillar to post. At UK Visa and Immigration they understand that getting a UK Visa can be a complex minefield to navigate and failure to complete just one item on the application form can result in your application being rejected, wasting time and money. A dedicated caseworker can ensure that you have the right documentation for your application and can fill out the application form for you and send it off to the home office.

They have a very high success rate in obtaining student visas so you can almost be certain that the Home Office will approve your visa.

Ajaz Saddique, Manager for UK Visa and Immigration, says: "This is a fantastic offer that students should take advantage of. It is a brilliant opportunity if you would like to come to the UK to study or even if you would like to spend up to 12 months in the UK for research."

UK student visas can be obtained at the special price of £349.99 for a limited time only. You can call 0800 680 0260 to find out if you are eligible or fill out their simple two step online assessment form at [www.ukvisaandimmigration.co.uk](http://www.ukvisaandimmigration.co.uk)
